Terms

1. Hog. One purebred, NSR-registered Duroc hog raised on the Seller's small farm and expected to reach about 300 lb live weight by the processing date. A half hog means half of the carcass.

2. Price. $4.50 per pound of actual hanging weight, weighed at the processor. A whole hog is typically 216 240 lb hanging, or about $972 $1,080; a half hog is half of that. These figures are estimates. The final price is set by the actual hanging weight.

3. Deposit and balance. The deposit reserves the hog and is credited to the price. The Buyer will pay the remaining balance to the Seller within _____ days after the hanging weight is reported, and before taking the meat from the processor.

4. Cancellation. The deposit is non-refundable. If the Seller cancels or cannot deliver a hog, the deposit is refunded in full.

5. Transfer of ownership. The Seller will deliver the live hog to the processor. Ownership passes to the Buyer at the processor, while the hog is still alive and before slaughter. The date and time are recorded on the Bill of Sale. From that moment the hog, and the meat from it, belongs to the Buyer.

6. Processing. The Buyer completes the processor's cut sheet and pays the processor directly for slaughter, cutting, wrapping, curing, sausage, and any other services. Fees are set by the processor; the estimate of $300 $450 for a whole hog is not a quote. The Buyer will pick up the meat in a timely fashion of the processor's notice and pays any storage or late-pickup fees.

7. Weights and yield. Live weight, hanging weight, and packaged pork (about 65 68% of hanging weight) are estimates and are not guaranteed.

8. Hog unavailable. If the hog dies, is injured, or is unfit before the transfer, the Seller will substitute a comparable hog from the same group if one is available. If not, the Seller will refund the deposit in full. The Seller has no other liability for this.

9. Household use only. Because the Buyer owns the hog before slaughter, the processor may return the meat to the Buyer as custom-exempt product. The meat is for the Buyer's household and non-paying guests, is marked "Not for

Sale," and will not be resold. The Buyer intends: [ ] household use [ ] to resell (the parties will arrange inspected processing separately).

10. Entire agreement. This agreement, together with the Bill of Sale signed at the transfer, is the whole agreement. Changes must be in writing and signed by both parties. Georgia law governs.
